35. SWOC analysis of the department and Future plans	
<u>STRENGTHS:</u> <ul style="list-style-type: none">As Department of English our strong point is the command over the English language.Faculties in the Department have specialization in different areas of the subject and work as resource persons to our students.The Department is blessed with talented staff capable of taking up multiple responsibilities and guiding students in co-curricular and extracurricular activities.Our Language lab (Phonic) is a valuable resource and helps us to enhance the language skills of our students and thus contribute to the college’s mission.Through Part II English, our department is able to reach out to the entire college..	
<u>WEAKNESS:</u> <ul style="list-style-type: none">As a self - financing college located in North Chennai, though we have an excellent department, with fair results, we are not able to attract the best students to the course.	
<u>OPPURTUNITIES:</u> <ul style="list-style-type: none">As knowledge of the English language has gained greater significance in the current scenario our contribution to the same has become highly essential.Literature Course helps us to expose the learners to the study of texts in contexts with emphasis on creative and critical understanding of life and thus mould their life skills.Diverse opportunities for higher education and job.	

CHALLENGES:

- Working with students from Tamil medium schools and ensuring that they attain a good command of the language as they graduate.
- Making students communicate in English with each other. Their socio-economic background hinders them.
- Using our resourcefulness and creativity to direct the University syllabus prescribed to suit our needs.
- Inculcating reading skills in students.

36. Future Plans

- To upgrade the department into a PG department.
- To introduce more number of certificate courses.

35. SWOC analysis of the department and Future plans

STRENGTHS:

- ❖ Spacious well equipped lab facilities
- ❖ Very good teacher student ratio that helps in better curriculum delivery

WEAKNESS:

- ❖ The socio-economic background of many of the students (some of them are first and second generation learners) admitted in the College is responsible for poor language
- ❖ competence (both in their mother tongue as well as English). This leads to an unsatisfactory level of comprehension and communication, particularly in the first two semesters.

OPPORTUNITIES:

- Student qualifying in biochemistry have following career opportunities
 - Scientist
 - Research Lab
 - Hospital
 - Pharmaceutical Industry

CHALLENGES:

- ❖ Difficulties in molding students as per changing industrial and technology requirements
- ❖ Difficulties in conducting remedial and coaching classes as many of our students going for part time job

36. Future Plan of the Department:

- Introducing M.Phil courses in future
- Funded mini projects would be initiated
- Practical training in research labs

**35. SWOC analysis of the department and Future plans****STRENGTHS:**

- Qualified and approved staff members.
- A great demand for the course in the industry
- Faculties are encouraged to attend refresher courses, seminars and paper presentations.
- Educational tours and industrial visits are organized for final year students.

WEAKNESS:

- As some of the students understanding capacity is less, staff find it difficult to make them understand.
- Most students are from rural areas so they take time to adjust themselves to the college environment.

OPPORTUNITIES:

- High demand for PG course
- Students are motivated to present papers and to participate in departmental and inter collegiate meets to Exhibit their extracurricular talents.
- Excellent Campus placement for final year students.
- Students are motivated to go in for extension services with leading organizations.

CHALLENGES:

- The department aims at producing university rank in UG and PG course.
- To train the Tamil medium students to understand the lectures in English
- To prevent students from low economic strata, from dropping out.

36. Future Plans

- Upgrading to research program (M.Phil)
- Introduce more certificate course to improve skills of students
- Providing coaching for ICWA,CA, ACS

**35. SWOC analysis of the department and Future plans****STRENGTHS:**

- Student composition consists of inputs from economically weaker sections and thus serving the under-privileged.
- Qualified staff as per university norms
- Increased enrollment every year as there is more demand for the course.

WEAKNESS:

- As students are used to teacher centric learning from their school, participative learning becomes difficult.
- More than 75% students are of First generation graduates so they hesitate to take initiatives in improving communication skills.

OPPORTUNITIES:

- Continual improvement in learning facilities.
- Initiative and involvement of top management to (ISR) -extension activities.
- Remedial classes for needy students.

CHALLENGES:

- High demand for PG course.
- As we have students admission on first Cum first serve basis, students are given admission with low marks and more intensive coaching is given for weak students.

36.FUTURE PLANS

- Focus on placement training
- Industrial visits and interact with CEOs
- Upgrading into a PG department.
- Introduce more certificate courses to improve the employability skills.
