EVENT ORGANISED REPORT – (2022-2023)

Name of the Department/ Club	Institution's Innovation Council
Name of the organizer	MOE Innovation Cell
Title(s) of the Event	“Launch of 5G Services”
Date of the Event Organized	1/10/2022
Designation/Class of the Participants	Faculty Members
No. of Participants / Viewers	30
Objective of the Event	As 5G use cases have tremendous applications across sectors and hold the promise of innovations across the economic sectors, participating in this will certainly be beneficial and help in visualizing the technology shift, and scope for interdisciplinary innovation and cross-sector entrepreneurship.
Description of the Event	Honourable Prime Minister of India, Shri Narendra Modi launched 5G services in India on 1.10.2022. He also unveiled various 5G use cases of various Telecom Service Providers in Education, Health, worker safety, smart agriculture etc. Earlier, Prime Minister has also launched indigenous 5G NSA Core and developed by Centre for Development of Telematics (CDOT). While addressing the August gathering the Prime Minister revealed that the Summit might be global but its directions are local. Prime minister added one more message of the 5G launch, New India will not remain a mere consumer of technology, but India will play an active role in the development and implementation of the technology. Talking about Digital India, the Prime Minister said that some people think that this is a government scheme. “But it is a big vision for the development of the country. The goal of this vision is to bring that technology to the common people, which work for the people, works by connecting with the people.”
Outcome of the Event	This 5G Technology will guide the world in the upcoming technology sector, in turn making India a global leader.
