| Name of the Experts with<br>Designation   | Dr. Prachi Kaushik                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Objective of the Event                    | To facilitate young minds with the funding opportunities.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Description of the Event                  | On 18 <sup>th</sup> November 2021, IITM Bioincubator in association with Annai Violet Arts and Science College and Kalasalingam Academy of Research and Education organised a webinar on <b>Funding Opportunities for Biotech Innovators &amp; Entrepreneur</b> . Dr. Prachi Kaushik, Manager, Investment (BIRAC) was the speaker of the session. The speaker offered awareness on various funding schemes such as BIG, BIPP, SIBRI, PACE and many such schemes. The session gave enormous exposure for the benefit of people who are looking |

|                             |                                                                                                                                                                                                                                               |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                             | forward to launch startups and to the academics and industries in the biotech sectors. The session extended its territory in guiding entrepreneurs about funds and grants to start ideation and POC to the mature stage of commercialization. |
| <b>Outcome of the Event</b> | The session provided the participants with the details of plentiful organizations that fund startups and entrepreneurs.                                                                                                                       |

Types of Projects that are supported

- Proposals related to process/product innovation with significant impact or commercial potential
- Developed process should be sustainable from an economic and environmental point of view and should be scalable
- The Technology Readiness Level (TRL) at the end of the project should be:
  - > TRL 3 (Proof of concept established): AIR
  - > TRL 6 (Early stage validation): SGR1
  - > TRL 7 and above (Late stage validation up to pre commercialization): BIRP & CRS
