EVENT ORGANISED REPORT
(2022-2023)**

Name of the department	IQAC & IIC in Association With Science Departments (Biochemistry, Chemistry, Maths, Microbiology, Physics, Computer Science and Computer Applications)
Name of the event organized	National Science Day 2023
Title of the event	Seminar on "Global Science for Global Well Being"
Date of the event organized	28.02.2023
Name of the coordinator of the event	Dr.L.Parimala, Head, Department of Chemistry Dr.A.ChandraMohan, Head, Department of Biochemistry Mrs.AngelJenefa, Head, Department of Microbiology, Dr.R.Magesh, Head, Department of Physics, Mrs.D.MohanaValli, Head Department of Mathematics, Mrs.S.Mahalakshmi, Head, Department of BCA, Mrs. R.GladisThankaroopai, Head, Department of Computer Science, Dr.P.Thyriyalakshmi, IIC Coordinator
Class of the participants	All Science Department Students
No. of participants (Student & Staff)	200
Name of the expert with designation	Mr.B.Shanmugapriyan Assistant Professor Department of Physics Loyala College, Chennai
Objective of the event	To emphasize the role of science in tackling global challenges scientific research, innovation and to encourage the students to develop an interest in and understanding of science.

Description of the event	<p>On 28th February 2023, IQAC & IIC in Association With Science Departments organized a seminar to celebrate National Science Day, which marks the discovery of the Raman effect in 1928 by Indian physicist Sir Krishna Raman. The event was a grand success, with many students and faculty members in attendance.</p> <p>The programme began with two sessions. In the first session, the chief guest, Mr. B. Shanmugapriyan, Assistant Professor, Department of Physics, Loyola College, Chennai, delivered a brief talk on "Global Science for Global Well-Being." The session started with a formal invocation and welcome address by Dr. Mahalakshmi, Head, and Department of BCA. Mr. Shanmugapriyan emphasized the need for students to acquire a sound knowledge of science's role in tackling global challenges and promoting international cooperation, scientific research, and innovation. He encouraged students to initiate new research ideas that would lead to future innovations in science.</p> <p>In the second session, a PowerPoint presentation was organized on "Global Science for Global Well-Being." Many students participated in the presentation, showcasing their research ideas and innovative concepts. The session was highly interactive, with students asking questions and sharing their opinions on the topics discussed. The session came to an end with a feedback session, where students expressed their views on the entire event. The feedback was overwhelmingly positive, with students expressing their appreciation for the opportunity to learn from experts and showcase their own research ideas. The seminar was a great success, and it left the students feeling inspired and motivated to contribute to the field of science in the future.</p> <p>https://forms.gle/CwrXd51fzdroiMc27</p>
Outcome of the event	<p>The event helped the students better understand the environment they live in and helped them develop analytical thinking, problem solving, and coping skills. Students were exposed to the recent advancements and innovations in science and technology.</p>
