Objective of the Event	To highlight various initiatives undertaken by academic institutions and deliberations on various thrust areas related to innovation and entrepreneurship across the country.
Description of the Event	<p>The Institution's Innovation Council members of Annai Violet Arts and Science College have taken part in the "e-Symposium on Building Innovation and Entrepreneurial Ecosystem in Educational Institutions" which is organised by the Ministry of Education and AICTE in association with DPIIT, Ministry of Commerce and Industry, Ministry of Culture, Government of India to celebrate the Innovation Week which falls from 10/01/2022 to 16/01/2022. Dr. Elangovan Sezhiyappan, Assistant Innovation Director, Innovation Cell, Ministry of Education began the inaugural session with a brief note on the purpose of the program. Followed by this, Dr. Anil D. Sahasrabudhe, Chairman, AICTE presented the welcome address. He has spoken on the progress made by various academic institutions and their contribution for the nation. He has also mentioned India's rank from 81st position to 46th on the Global Innovation Index. In the appreciating winners of MANTHAN Hackathon 2021 segment of the program, the purposes of MANTHAN Hackathon, innovative ideas for National Security and Cyber Security have been briefed and the names of the winner institutions have been mentioned. Gyan Ganga Institute of Technology & Science, Thapar University, Sri Krishna College of Engineering and Technology, Ganga Institute of Technology and Management, Anna University Regional Campus and many such prestigious institutions have won in the hackathon. Mr. Sanjay Murthy, Secretary (HE), MoE, in his address has mentioned the importance of hosting the symposium. He has continued to say that the nation's Innovation Cell's purpose is to bring out the innovative ideas from the</p>

schools and colleges across the country, to learn other institutions' innovative projects and to encourage the institutions which are at the tier two and three levels. Mr. Dipan Sahu, Assistant Innovation Director, MIC has announced the funding and mentoring support for 75 Innovative Technologies and Startups from Academic Institutions across the nation. He has also presented explanation of many projects from various institutions. Mr. Anurag Jain, Secretary DPIIT, Ministry of Commerce & Industry has addressed the participants on the role, significance and achievements of the Innovation Cells for the scientific growth of the nation. Mr. R. K. Puri, JD, DPIIT has made a presentation on the Toy Business League. The league is conducted by DPIIT with the Department of Education, India. The league has been begun with the aim of designing toys with Indian values and culture and to promote investments in Toy Industry. Ms. Ankita Karwal, Secretary (School) MoE has addressed the virtual gathering of the possible upcoming changes in the curriculum for schools which will include five important factors that will enhance a child to learn with the awareness of ongoing innovative projects. The five factors are, the Knowledge of India, Scientific Temper, Competence, Citizenship and 21st Century Skills. The Chief Guest Dr. Rajkumar Ranjam Singh, MoS, MoE has launched the movie on "Journey of Hackathon." He has then addressed the participants on the huge development of the nation's Ministry of Innovation. The Inaugural session's vote of thanks has been presented by Dr. Abhay Jere, CIPD, MoE's Innovation Cell. The first Keynote Address is given by Mr. Sridhar Vembu, Founder, ZOHO Corporation. He has spoken on the need to learn entrepreneurial skills as the economy is all about buying and selling. The second Keynote speaker Mr. Gautam, Founder, Fareye Pvt. Ltd has begun his speech reflecting the personal experiences he has had down the years. The point that he wants the startup organizations to keep in mind is to always be on track with the essential needs of people which are absent in the market. The third Keynote Address falls on the second day of the program. Prof. K. VijayRaghavan, PSA, Govt. of India, the speaker of this session has focused on addressing on innovation and entrepreneurship from the light of using the available natural wealth for scientific projects which will drive us forward from where we stand at

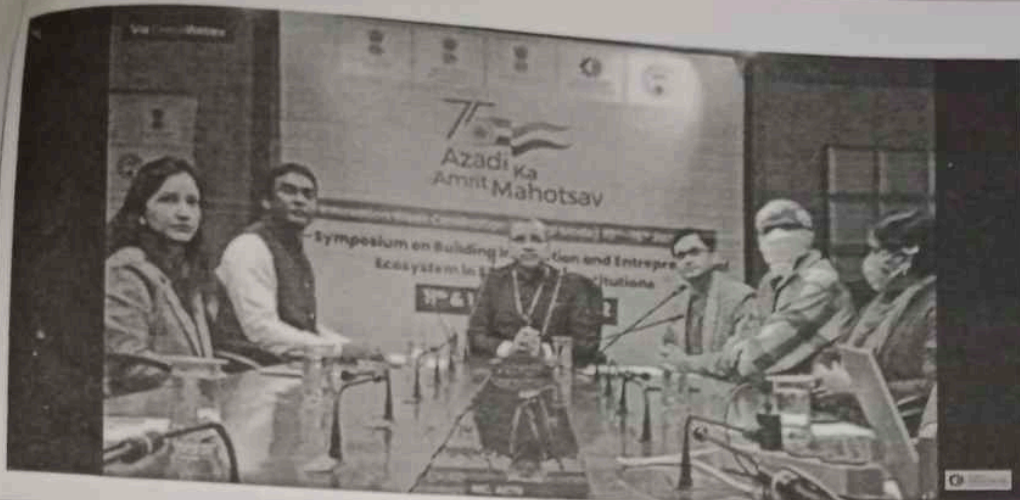

present. Ms. Ankit Agarwal, Founder & CEO, Phool, the fourth Keynote Speaker has spoken on his peculiar business which is done having the tons of flower disposed from temples across India. He has made charcoal-free incents out of the disposed flower. This innovative business has inspired the participants of the program. The program has also had five panel discussions consisting of various professors, scholars and students who have shared their insights elaborately on the given titles. The titles of the panel sessions are Innovation, Human Values and Sustainability, Best Innovation and Start-up Practices in HEIs, Grey Hairs Not Mandatory to Build Great Enterprises, Attracting Big Investment for Innovative Ideas from Educational Institution and Schools, Innovation, Game and Curriculum. The Concluding Ceremony of the program is held at the end of the second day. Professor M. P. Poonia, Vice Chairman, AICTE has presented the welcome address. The summary of the symposium is given by Dr. Abhay Jere, CIO, MIC. Dr. Subhas Sarkar, MoS, MoE has addressed the virtual gathering on congratulating people who have contributed tirelessly for the advancement of the Ministry of Innovation. The program is concluded with vote of thanks rendered by Professor Rajive Kumar, Member Secretary, AICTE.

Outcome of the Event

The participants have learnt the means to get funds for their innovative projects and startups. They have known the demand for innovation in various fields at the national level and the scope of it at the international level. They have also gotten to know the innovative projects that are done at various parts of the country.
